The Flower Bud in the Bulb

ONLY Living FLOWER BUDS ARE SURE TO BLOOM

LIVING FLOWER BUDS MUST BE PRESENT IN BULBS AT PLANTING TIME

✓ If you cut through a flower bulb in the fall, you will find the embryo of the flower inside the bulb and *complete* in every detail, as the Tulip bulb photograph above illustrates. This is the *actual* flower which will bloom in your garden next spring! This embryo flower begins to grow during the summer months and is nurtured on the Holland bulb farms. It is most important that the bulbs are properly handled to encourage the proper development of the embryo.

FLOWER BULBS MUST BE PROTECTED

✓ After the bulbs are harvested, it is essential that the flower bud which has started to grow is *carefully* guarded. Our bulbs are thus protected by keeping them at proper temperatures and the right atmosphere. In addition, no machines are used which might cause injury to the bulb and embryo. It's all hand labor—a real labor of love, which results in each bulb being a perfect specimen capable of superior performance.

DELIVERY: Our prices include all transportation charges and arrival of the bulbs in good condition at your address.

FRAGRANT DUTCH

Hyacinths

ALL BULBS EXPERTLY PACKED AND HANDLED

✓ Your bulbs come direct from the bulb farm in Holland. Bulbs are dug at the proper time and taken care of by experts after harvesting so that the embryo flower in the bulb is well preserved. Only top-quality bulbs are selected, and these are individually packed in special bags which keep the bulbs in best condition. You receive the bulbs just as they come from Holland, in fresh and healthy condition.

PRIOR TO SHIPMENT FROM HOLLAND THE BULBS ARE INSPECTED BY BOTH THE AMERICAN AND DUTCH AGRICULTURAL INSPECTORS FOR SIZE, QUALITY AND DISEASE.

YOU RECEIVE YOUR BULBS IN PERFECT CONDITION WHEN ORDERED FROM THIS CATALOG

✓ All the Holland bulbs you receive through us are sure to bloom and are true to name because they are grown and handled with just *that* in mind—that they will grow for you and provide you with the most beautiful spring garden you've ever had! It's easy, too, when you follow the simple planting instructions and suggestions which are enclosed with every shipment. These instructions must be carefully followed, and naturally our liability is limited to the purchase price of the bulbs.

EXHIBITION HYACINTHS

These large-size bulbs produce enormous flower spikes, densely packed with dainty, bell-shaped flowers and highly perfumed. The following varieties are especially recommended for pots and window boxes, as well as for garden use.

BISMARCK. Sky-blue.

CITY OF HAARLEM. Yellow.

JAN BOS. Bright red.

OSTARA. China-blue.

PINK PEARL. Pink.

QUEEN OF THE WHITES. White.

Daffodils - Narcissus

The loveliest flowers imaginable to awaken the garden to new life with their gay bright colors in the early days of spring. They do well in almost all soils and situations and are a permanent addition to the garden.

DAFFODILS, Giant Trumpet

The bold, giant Trumpet Daffodils enjoy the greatest popularity. They make a superb picture when planted in groups by themselves or when combined with Blue Grape Hyacinths or other early-flowering bulbs.

KING ALFRED. Rich, lustrous golden yellow throughout. \$1.85 \$8.50
FLOWER CARPET. Large, deep yellow trumpet. Very free-flowering. 2.10 9.50
MAGNIFICENCE. Uniform golden yellow trumpet and perianth. 2.10 9.50
MOUNT HOOD. The finest pure white trumpet Daffodil. 3.05 14.50
MRS. E. H. KRELAGE. Pure white perianth with creamy white trumpet. 1.65 7.50

PRESIDENT LEBRUN. The pure yellow trumpet contrasts beautifully with the white perianth. 2.55 12.00

NARCISSUS, Short-capped, Bouquet, Double

The cheerful, free-flowering Narcissus are a marvel of beauty in early spring. The charming short-capped varieties have a crown of contrasting color in the center. The Bouquet varieties are highly fragrant and have several flowers on each stem, while the Double has the center of the bloom filled with many petals.

CHEERFULNESS. (Double Bouquet.) Creamy white, double flowers, 10 50
 three or four on a stem. \$1.25 \$5.50
FIRETAIL. White perianth with small cup of orange-scarlet. 1.50 6.75
FORTUNE. Yellow perianth with large orange crown. 1.55 7.00
GERANIUM. (Bouquet.) Pure white perianth with scarlet cups. 1.75 8.00
JOHN EVELYN. White perianth with frilled, large yellow crown. 1.40 6.25

Your Dutch Uncle reveals:
The Story of the Inside of Tulip Bulbs

The Tulip bulb illustrated has been cut through to show the inside. The flower bud, which must be present and living if the bulb is to bloom, is shown in the very center enveloped in a casing that will grow into the leaves of the Tulip. The thick, starchy layers surrounding the bud and leaves protect and nourish the embryo.

It is essential that the so-called "dormant" bulbs are given the proper storing and handling in order that the important "inside" of the bulbs may remain fresh and healthy all through the curing period—while they are in transit—until you plant them.

All varieties are expertly packed in Holland in special unit bags to keep the bulbs in best condition.

PLUS 5 FREE ECLIPSE TULIPS

With every order for 100 Tulips in 10 varieties we will include FREE 5 Eclipse Tulips, making a total of 105 TULIPS FOR ONLY \$9.25!

We have assembled, in one outstanding collection, these varieties which we personally feel to be the very finest and of such splendor, they defy description. No other Darwin Tulips can compete with them for color, size of bloom, and top-notch performance. Bursting into glorious blooms in May, these long-stemmed beauties will add gaiety and magnificent color to your garden, turning it into a fairyland of Dutch Masterpieces.

Plant them against a dark green hedge, garden wall, fence, or similar background. Use them in clumps in the border, in groups between evergreens, or in beds by themselves. No matter where you plant them, these Tulips will make an unforgettable picture and give you the most thrilling display you've ever had! With these collections of Darwin Tulip varieties, you can make spring the most colorful and exciting event of your gardening year! Years of testing and growing have proved these to be the ultimate in Tulips and certainly deserving of their position as the "TOP TEN."

New**

PEACOCK TULIPS

A new group of hybrids with the peculiar characteristic of unfurling their blossoms full and wide—revealing magnificent color variations in a manner similar to the peacock, which proudly displays its feathers. Each Tulip displays an amazing variety of gay, harmonious colors, and the foliage is distinctly striped and purple-brown. The exotic flowers are long-lasting, blooming continuously from the time of the early to the late flowering Tulips. Heights vary from 8 to 18 inches. Supply still limited.

3 for 95c **25 for \$6.50**

10 for \$2.80

Spectacular ROSY WINGS

The Largest of May-Flowering Tulips!

Magnificent beyond words. The immense flower is gracefully elongated, with recurving outer petals. Color is a delicious watermelon-pink with a creamy white heart and blue stamens. Flower held erect during entire blooming season. Unmatched in beauty. 28 inches tall.

3 for 65c **10 for \$1.90** 50 for \$8.75

Botanical Tulips

Their odd, curious shapes and contrasting color combinations make these Tulips delightful subjects for the garden. Low-growing, they are ideal for planting in the rock garden. Leave undisturbed, for they increase in beauty year after year! April flowering.

CLUSIANA (The Candystick Tulip). Resembles a peppermint stick. Glistening white with crimson stripe on outer petals. 14 inches high. **10 for \$1.10** 50 for \$4.75

KAUFMANNIANA or WATERLILY TULIP. Star-shaped flowers of soft primrose-yellow with golden yellow center. Outer petals marked crimson. One of the most unusual and striking Tulips. Height 6 inches.

PRÆSTANS FUSILIER (Quadruplet Tulip). Charming Tulips with four or more orange-scarlet flowers on a stem! A distinctive Tulip—graceful, elegant and very showy. Height 8 inches. **10 for \$1.60** 50 for \$8.75

The Gigantic RED EMPEROR

This famous Tulip is the largest ever cultivated! The color is the most brilliant scarlet and of such intensity as to be almost blinding in effect! Interior has black base, edged yellow. Blooms with early Daffodils and grows 18 inches high.

LYCORIS

Magic Lily of the Orient

Known as the "Hardy Amaryllis," they produce daffodil-like foliage in spring. This dies down in early summer and, as if by magic, a flower spike suddenly appears in August. The soft pink, lily-like flowers are delightfully fragrant and are carried on 2 to 3-foot stems. Perfectly hardy; once established, they reappear each year.
